12 December 1969

NOTES FOR THE RECORD

SUBJECT: Miscellaneous DDI History Items

25X1A ✓ 1. NPIC - I called [REDACTED] on 12/1, and also later that week, regarding the NPIC program. He indicated no other papers will be scheduled. I stressed that it was important that he set up a schedule that would permit him to finish the NPIC history himself (see his memorandum of 12/3/69).

✓ 2. CRS - I conferred with [REDACTED] (on 12/3) and they confirmed 30 June 1970 as a completion date. The latter also agreed to deleting the history of HIC from the schedule since the writer does not plan to work on it until he retires, which is some years hence. The Board and Staff had already agreed to this change. HIC will be included briefly in the over-all history; there is also extant a draft history of HIC prepared by an OTR student on the basis of interviews with the Curator.

25X1A ✓ 3. IAS - On 12/4 [REDACTED] confirmed the statement on IAS which we have been carrying in the reports.

25X1A ✓ 4. OCI - On 12/1 [REDACTED] had reviewed his outline and that he had comments from the first two, which he was considering. He also gave me firm dates for the papers actually in process but stated that OCI could not assign writers to the supplementary items at this time.
